Posting of interim results for the six month period ended 30 June 2008

The Company is pleased to announce its interim results for the six month period ended 30 June 2008. In line with AIM Rule 20 the interim results will be posted to shareholders in due course and will shortly be available in the Investor Relations section of the Company's website at <http://www.cwresidential.co.uk/investor-relations.php>.

CHAIRMAN'S STATEMENT

Trading results

Trading results for the six month period ended 30 June 2008 show a loss before taxation of £112,909 (30 June 2007: loss before taxation of £149,967) (31 December 2007: full year profit before taxation of £132,964). All figures are prepared in accordance with IFRS (International Financial Reporting Standards).

Dividend

Towards the end of the year we expect to receive the proceeds of the pre-sold flats at our last remaining development at Rochester (see below). On completion of these sales, your directors propose to pay an increased dividend of 1.97 pence per share (interim dividend 2007: 1.88 pence per share). The appropriate announcement will be made in due course.

Development division

At our remaining development in Rochester, completion of construction of our 23 flats is expected towards the end of this year. We have exchanged on 13 and a further 2 are under offer. Marketing of the remaining 8 flats will begin when our show flat is ready. In Maidstone, construction of our 4 flat scheme will not commence until the housing market improves.

Investment division

There have been no purchases or sales since 31 December 2007. The letting market is currently strong but shareholders should bear in mind recently reported house price falls and so there may be a reduction in the carrying value of our investment property portfolio on our annual revaluation at 31 December 2008. In common with other house builders, Leighton & Henley Plc, the Berkhamsted based house builders in whom we hold an investment, are experiencing difficult trading conditions, with few sales currently taking place. Again, at our year end we will be reviewing the carrying value of this investment.

Healthcare division

Occupancy at Rhymecare's Pulborough retirement home continues to be strong, with that of their Fishbourne (Chichester) nursing home continuing to increase. Whilst negotiations for the purchase of a third home failed to be satisfactorily concluded, Rhymecare continue to look for another one.

Buy back of share capital

In the six months to 30 June 2008, we bought back 217,400 ordinary shares at an average cost of 142p per share for cancellation, with the aim of increasing the net assets per share. This purchase represented 5.79% of our then issued share capital. Since 30 June 2008 we have repurchased a further 44,000 shares at 118p per share for cancellation. There are therefore now 3,493,600 ordinary shares in issue.

Future direction

Currently your directors have no investments or development sites under consideration. With a current gearing below 20% of shareholders' funds (before the receipt of flat sales at Rochester), your Group is well placed to take advantage of possible interesting situations that may occur in due course in these markets.

NOTES TO THE FINANCIAL INFORMATION for the six months ended 30 June 2008**1 Accounting policies****General information and basis of preparation**

The interim financial information in this report has been prepared on the basis of the accounting policies set out in the 2007 annual report and financial statements, which complied with International Financial Reporting Standards as adopted for use in the European Union ("IFRS"). IFRS is subject to amendment and interpretation by the International Accounting Standards Board ("IASB") and the International Financial Reporting Interpretations Committee ("IFRIC") and there is an ongoing process of review and endorsement by the European Commission. The financial information has been prepared on the basis of IFRS that the Directors expect to be applicable as at 31 December 2008.

The condensed financial information for the year ended 31 December 2007 set out in this interim report does not comprise the Group's statutory accounts as defined in section 240 of the Companies Act 1985.

The statutory accounts for the year ended 31 December 2007, which were prepared under IFRS, have been delivered to the Registrar of Companies. The auditors reported on those accounts; their report was unqualified and did not contain a statement under either Section 237 (2) or Section 237 (3) of the Companies Act 1985.

The financial information for the 6 months ended 30 June 2008 and 30 June 2007, which is unaudited, does not constitute statutory accounts within the meaning of section 240 of the Companies Act 1985.

Prior period restatement

The balance sheet and statement of changes in equity (note 10) as at 31 December 2006 have been restated for deferred tax of prior years in respect of the company's associated undertaking. This adjustment was also recorded in the Group's statutory accounts for the year ended 31 December 2007.

Revenue recognition

Revenue comprises rental income on investment properties and gross proceeds from sales of development properties sold throughout the period but exclude sales of investment properties which are included in other income.

Rental income arises from operating leases granted to tenants and is recognised on a straight-line basis over the term of the lease. An operating lease is a lease other than a finance lease.

A property is regarded as sold when the significant risks and returns have been transferred to the buyer. For conditional exchanges, sales are recognised as the conditions are satisfied.

Other income comprises net profits or loss on sales of investment properties, investment income, fees and commissions earned on an accruals basis and profits or losses recognised on investments held for the short term. Dividends are recognised when the shareholders' right to receive payment has been established. Interest income is accrued on a time basis, by reference to the principal outstanding and the effective interest rate.
